## **当日に NAVY**。

South the freezew Mest negt, signed Harry objects, where and an what sums, upon what tag, and they need to be who are not the complete series of the properties that the complete states were sent that he was sent the properties by I. highery of the Navy in sloaped to not the harry of the Navy in sloaped to not the harry of the Navy in sloaped to not the harry of the properties to the prop Some articles have lately appeared in the which I way abuses are positive out, and auggestions made for the improvement of the Navat Department.

The Journal of Commerce gives an abatract of Thus of the statements of Mr. Maury, a portion of which we extract, merely premising that 'repairs under the present system of the Navy Board, includes summ for wear and tear of every description, as cordage, and, uables, and anchore, de. An ilegen in a ship of war, us it is well known of very considerable importance. But this would not applied from the articles in

THE NAVE AND NAVY COMMISSIONERS TERE their College duties. Mr. Wheeler, with anoth- fast number of the Bootheste Leteracy Mersen er talor, appeared upon the field and ordered ger, published at Richmond, Va , contains a very liner arrive signed "Harry Bluff, U'S order rule dethe hour. Mr. Wheeler allegipted freiner of the Bond before the Senate : the to address them, but the sound of his voice was Report appears to have been occasioned by fordion wed in a flood of hisses, groung and should, mer articles by said flarry in the same periodieal, showing up, the bad management of the Mr. Barilell, ohn accompanied Mr wheeler, Cummissioners, and the wasteful expenditures of the public money under their superintendthe objections of Sig Marry, has furnished bem with materials for supporting and expanding his former allegations, and he has not failed to make a good use of the opportunities thus afforded him. We have not room, to go much into

According to the Report the frigate Constision, and spurmoned a large number of students tulion was built in 1797, and no evidence can be easily found of any repairs upon her from before them for examination. Six or eight stu- 1812 to 1833, a period of 21 years, when she deate eraperry ty -w-led early in the many imagified heated up to be expected under the ing. Order was restored and tecitations at present system. The amount of ascertained se-

Covernment of the College was a wonderful all, completely repeated for sea service. In 1830 she is again hauled out for repairs, and the expanse of these two occasions expeeds the whole ascertaiged amount of prévious repairs The trigate Brandywine, of the same class as

the Constitution, was built at Washington, and Isunched in 1825; and to this day no one knows what she cost in the firt instance. She was had tunder "repairs" the year after she was built; We can only give to day the "table" of con- again in 1829 and 1830, at New York; again Lants, which of itself is a high recommendation in 1830-at Nortoik; at trew your in thirden yours at Nortoik for 1835; five those in thirden yours at In 1830-at Norfolk; at New York in 1834; at อาการขั้นหายานา com pt 8529 294 21.

The bigate United States was built in 1707. and the wifele amount that emild be found charged, in all the records at Washington, to her for repair, previous to 1821, was \$68,513 25. a period of 24 years. In 1821 the operations of the present system commenced upon her, and th 1893 the prapairs "had amounted to \$220 -407 82. In 1826 they were commenced again, and continued over to 1832, at a cost of \$266 -723 70 In 1834 and 1836 she again submits to the operation . In 1839 she is repaired at Boeton; in 1840 at New York; in 1841 at Norfolk, where she naw is. During twenty, years, past her repairs have amounted to the sum of \$746,

In 1827 the sloop of war Natchez, a Commissimilar salup, was built of live oak, under all the interovements of fastening; facilities of its own than it can possibly carry. docking, &c , introduced at that time. Her whole cost for huilding and complete equipment was \$124,000 or \$19,000 more than was Kuilt, more marriage? eight or nine years after the was than twice as much as under the old system a A maternity the nature of moral influence. This of more than twice her size, the U.S. cost been pointed out to her? Has she ever been enin twenty one years. With the except on of lightened as to the consequent unapeakable time built by the Navy Board and embraced

any ship, the Commissioners of the Navy Bosen are first called on to see what ought to be the cost of that ship; suddiling reply by submitting the moral contustion existing in the world. It estimates. Thus the Ohio, which by their estimate the substitution of a gart furthe whole. The days, mates would cost, "equipments and all, less than \$355,000, was built at an actual cost, as one point to which all points of education tend, the Report states, of upwards of \$654,000; the and at which they all terminates and to prepare Concord, which they estimated to coat not more than \$85,000, actually cost upwards of \$141,000; and the stors and Relief, a merdant bui tahip of 400 tone, built in 1836 by the-Navy Board, ought to have cost not more than one, and the most unimportant and irresponsible \$40,000, but she actually cost upwarts of \$93 m. of the whole of life? 000; more than, it costs to build, at the private Exaggerated precautions in the Education of the yards in New Fork, the most spiended packets, see have been not by equally lated negligence bough they are nearly three times as large.

According to the Beport, the difference the cost of building and equipping, exclusive of ordounce between the Delaware and the Norta

Carolina 74's, each ôf 2033 tons, is \$111.516. The brigs Pioneer and Consort, each of 222 tenty were built at Boaton in 1806. In the accounts that were Rept, they are charged each with exactly the same number of days' work. the cost of labor for each is the same to an add love but what they have imbiled from an inat Washington in 1820 and 1821. Though one suming such different aspects. Let no sober is 5g per cent, larger than the other, they cost insiden person be startled at the deduction hence I r'The New York Express states that the the same for labor, the same for materials, the drawn, that it is foolish to banish all thought of money market continues very easy. The Banks same for ordnance, the same for provisions and love from the minds of the young; since it is the same for everything.

stolan, \$10,000, for their night's work, and the the appropriations, notwithstanding the esti- fit them to adorn society, as the vivily and enhank recovers \$170,000, notes and sycurities, mates have been inchessed, and the appropria lighten a home. What a peradice even this On this plan, there a have only to steal enough tions enlarged from year to year. In 1833, half world might become, if one half the amount of a million was boked for repairs; in 1830, a mit effort expended in wain attempte to exute the ion; in 1837, a million and a quarter; and in admiration of atrangers. were reserved to vary 1841, a million and a half was asked, and two the amusements and adorn the astered precincis alilitigua appropriated; yet the nity dim ..... of home! One hundred and thirty thousand dollars worth of Tippeanne Almanics, upfellistribiged by a mercablite frem en Philadelphia, during the la Presidential contest, the sentor partner of which; Frankfort on the Alain in 1012, in the 69th year is a Director in the United States Bank, says of the short hom, required their promise that they the-Philadelphia SpiriCot the Times. The above paragraph appeared in the colnoing of the Morning. Post some days ago is not in the habit of believing all the statements, reflecting on the Whigs, which appear in the opposition prints, makes the following commentation this precious piece of statistical

- tot us see how many almanics all this money would buy. They would cost some-At this rate, these merchants distributed 6 500. 000 Tippecanoe Almanaca, or two copies aprece to every family in the United States and Terri slaves win can neither read nor vule; after throwing out some thousands of free perroes. whom of course these keen sighted merchants appear to have escaped in a great measure even would give no almanaca. We are left to soon the carkings of slander. N. Y. Touter. der, and we do wonder how they disposed of them! We have not yet received our copies. our do we know of any neighbor who has Will The Post or the Spirit of the Times tell us whether they were sent to all families without distinction of party whether they were sent by marker distributed by policical illusionaties, in how? and why New Hampshire was neplected? Cut the millions of almanage down to thous rids; and the money from thousands to tens, and you get a story that neight be believed; but notedy can swallow this, except those who

befreve all fliey see asserted. What persons, then, were meant to be de ceived by such a attiry ? Truly, the jenorant, unthinking and crednings, and none beside Ah, now we have it, this neglect may b the reason why New Hampshire remained i the dark not being enlightened by the Alma-, naca ap liberally distributed elsewhere.

But seriously, this story looks like a great falselrond about a small thing, designed to slan der an Individual and belie a party, as well as to bean undeserved adjume on a corporation. which staggers already under more burdens of

## FEMALE EDUCATION...

What is the true object of female education necessary. At an eggregate cost of \$176,000. The best answer to this question is, a statement but keeping her in regular for nine years, she of future duties; for it must never be longotten, covered; but not possessing fliese or having was repaired in 1829, in 1830, in 1832 and 1832, that if education be not a training for tuture the reverse, it may be well enough to cultivate in 1935 and 1836 and finally broken up in duties, it is nothing. The ordinary fol of wo-1840. Thus noder the present system, a ship man is to marry. Has any thing in these edition of 700 tons has actually cost for repairs within cations prepared her to make a wise choice in To be a mother! Have the duite. the "breaking up," seven of the eleven shoops portance of personal character as to soul of inindibut, prepared her for ber detien? No! but she in delinguist, a planist, graceful, admired. Before any-appropriation is made for building What is that to the purpose?" The grand evi

of each an education is the ... istaking arona for end; a common-error, and the source of half time when young women enter upon life is the them for that point is the object of their train ing. In it not cruel to lay up for the magature of fulure wretchedness, by an education which has no period in view-but one; a very energi

sex have been met by equally lated negligence in the education of the other; and while to girls have been genied the very throughts of love reven in its noblest and purest form the most ellellariale and corrupt productionin of The heathen writers have been unhesitatingly laid respective notions of this passion depends the endo ling or the degrading of their race, meet on these terms: The men know nothing o rupt. The deterioration of any feeling must liollew from such injudicious training, montes-

provisions, and five from the minds of the young; since it is Blake, New York; Wave, Boardman, Boaton; and a certain that girls will think, though they may for detailed have hild in the barbor several not read or spenk of five, and that no early care days detained by log. Neither are the guns in a man of war in the can preserve them from heing exponent at a least exempt from this repairing system: The later period, to its temptation, might it not be almoss of war all carry the same number of well to use here the directing, not the repressing Prederick County Bank. 13.34 stated in the gunn, and the coat of prednance and atores' in flower. THE true Remedy! the Sovereign Restora-tive!! the grand producer!!! The subscrihar informs the Juddie that after Fabrideen Trans of study ten of which have been years of im-mound abort and difficulty, he has insulveticalized may true remedy against the loss, the sovereign restorative intrase of a deficiency, and the grand producer of that, most beautiful prinameury of "the human form divine." THE HAIR!

That it may be known that this Venuis Water is an invaluable arnete, I wil sinte that in the firet years of my labors upon it; its application to the head for two consecutive seasons, was necessary in order to establish a good growth of hair, but now only one season is required, so successful baye been my improvements upon it. And I have the proud satisfaction of knowing that in the City of Bangor alone-turce hundred and forty heads which were once hald, can, by the hear y growth of hair upon them, hear witness to the won ferful effects which this Veinus Water has produced within righteen months!

I will add a few, of the certificates, almost fringmerable which have been given me hwindividuals who have derived benefit from this Water.

Mr. T. D. Advas. Having availed movel of the extraordinary benefits of your Venus Water, I leef it my cuty to the public, as well as to your self, to submit for their perusal, a plain statement of the facts in my case. I had been entirely hald for seven years, and had lost my eye brame during which dime I dred the remedies of three phyans without any benefit, --

In reading over the advertisement of your gelebruted Vennis Water, I concluded to try it, and now am the proprietor of a fine head of hair and a neautiful pair of eve-brows.

Miss Eliza-Worthington.

Bangor, May 8, 1841.

This is to certify, that I have nand Mr Adams! Venuis Water for baldness of the head, and that it has residered me a good head of halp where beture using it the hair was entirely gane. I who have used other mechaines which nave started the hair, but it would come out again. But the Vennis Wa-

This may certify that for the last six months I have used L.D. Adams! Vennis Water, and have the safflaction to say that the low of my head. which for a long time was hald, is now entirely covered with a good growth of hair.

EDMUND HOLT, Banger, February 25, 1841.

Phoreby certify that for the last two or three years my head has been hald, and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair, from which I have never received any honefit. some even having proved injurious, until the past GRANGER'S EXEVATED OVEN ROTARY commer, I made use of Thomas D. Adams' Venus COORING STOVES, for sale wholesate, and reof hair. HANNAH PALMER. Baugor; May 15, 1831;

This may deitify that the half upon the top of my and hong ready goin and the remainder fast dropping off daily, I was induced by Mr. IP. D Adams, to try his Vonnis Water, and during the last vear he has made frequent applications of it to my h ad. There may a constructions of it to metal call nave to ere vastings none for a 14 or to my h ad. There may a construction for the quantity of a few hair, produced, as I suppose, by the use of castings to be made, where the second was a construction of the produced as I suppose, by the use of castings to be made, where the second was a construction of the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose, by the use of castings to be made, where the produced as I suppose is the produced as I suppose is the produced as I suppose is the use of castings to be made. Bangor, Feb. 3, 1841.

.This may certify that I called on Mr. 'F. D Adams in May 1838. I used his Venuis Water for three months and it has produced as much hair as wish to bays on my head.

NANCY SMITH.

This may certify that my head was entirely bald, and by the use of T. D. Adams Venus Water for three months inv hair has been restored. Bangor, Feb. 15, 1841. CALEB B. HOLMES.

Thave used Mr. Adams's Venuis Willer, for the growth of the hair for about six months, and am happy to any that it has nurwred every hitpore in producing a good head of hair, and prevent the in producing a good fread of the hair from conting out by combine MARY JONES.

Phis may certify that for the last six months I have man bound Wat r. and hove int satisfaction to say that the top of my head which fora long time was bald in now entirely govered with a good grab that fair.

Bangor, Feb. 12, 1841. WM PROST.

This may certify that for This Inst (wenty year the top of me head had been bald, but nowide rovered with a good growth of heir, I gied the Vennis Water for four mouths. Bangor, reb. 15, 181). E. R. WARREN.

This cartification I have used a preparation made by Mr. Thou. D. Adams of this city, to re-made hair to the head, after it, had fallen if and. having derived muck manufic from it, I would be heerullygrecommunication with the others. Bangor, Pab. [6, [841. \* A. HOLTON.
